**Regulatory Contract & Grant Compliance**

*Science Is Your Passion... Compliance Is Ours!*

## Capital Edge (MCorps) Supporting MTEC Members

Capital Edge partners with MTEC members to provide unique, sound, compliant, business-based solutions to fulfill the financial, accounting, and regulatory requirements unique to their U.S. Government contracts and grants. Our solutions are unique to each member, their business, and contract environment; however, each solution is focused on the following:

-  Mitigating contract compliance risk to the broader organization
-  Maximizing obligated funding opportunities through:
  -  Compliant and effective direct and indirect cost structures and allocation methodologies
  -  Compliant proposal preparation
  -  Minimizing unnecessary fines and penalties resulting from various non-compliances and/or the inclusion of unallowable costs as defined by funding vehicle, FAR Part 31, Agency Specific Supplemental Acquisition Regulations (e.g., DFARS) and 2 CFR 200
  -  Efficient and compliant voucher creation
  -  Contract flow-downs and related compliance and reporting requirements
  -  Subrecipient monitoring and other grant compliance
